Re: Announcement for Joint Call for proposal - 7<sup>th</sup> STI JFS Call

---

Dear Dean or Director,

The Southeast Asia – Europe Joint Funding Scheme for research and innovation launch of the 7<sup>th</sup> STI JFS Call – Joint Call for proposals of Science, Technology, and Innovation in the two thematic areas of 1) Sustainable Food Production and 2) Climate Change: Resilience & Adaptation in 2021.

The Joint Call Project consortia must comprise of **at least 3 partners from 3 different countries** fulfilling the 2+1 rule: Either 2 partners from 2 different Southeast Asian countries and 1 European partner or 2 partners from 2 different European countries and 1 Southeast Asian partner and at least, 1 partner from each region must be eligible for JFS funding. Additional requirements may differ among National Regulations from the funding organization.

As for Thailand, the funding organizations are National Science and Technology Development Agency/Program Management Unit – Brain Power (NSTDA/PMU-B) with the **maximum funding allocated per project of 4,000,000 THB and the maximum of 3 years project.**

Hence, Research, Innovation and Partnerships office (RIPO) would like to advertise the joint call to the researchers. The researchers who would like to apply for this joint call please kindly follow these steps:

1. Proposals for STI projects have to be submitted electronically using PT-Outline Web Tool, accessible through <https://ptoutline.eu/app/jfs21> (The submission deadline is on 15<sup>th</sup> October 2021 at 05:00 pm Bangkok time)
2. Submit the proposal and attach related documents through KIRIM

Please kindly review the details of the call and Thailand's national regulations in the attached file or scan QR code below: If there are any inquiries, please contact [research.followup@mail.kmutt.ac.th](mailto:research.followup@mail.kmutt.ac.th) or contact RIPO research administrative, Mr. Ruangdet or Ms. Panida at 02-470-9654.
